16.00	16.00

SPRAYERS — VIGORO — SEED DISINFECTANTS — SEE BACK OF LIST

Ask For Our Wholesale Seed Price List

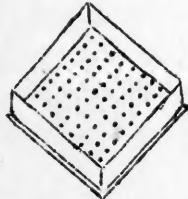

\* \* \* DON'T MISS READING THIS IMPORTANT ANNOUNCEMENT! \* \* \*

The fall of 1951 was very unfavorable for maturing SMALL GRAIN, CORN, SOYBEANS, etc. Farmers throughout the Middle West have been warned by AGRICULTURAL COLLEGES, EXPERIMENT STATIONS, AND COUNTY AGENTS to have their seed grain tested before seeding.

Many commercial and state seed laboratories will not be able to handle the anticipated volume of seed testing as promptly as required.

If poor germinating seed is planted, the results may be disastrous. THIS CAN BE AVOIDED.

A HANDY SEED TESTER IS THE ANSWER. They are manufactured by E. L. Erickson, former SOUTH DAKOTA STATE SEED ANALYST and is recommended by S. D. STATE COLLEGE SEED LABORATORY for home use. It is easy to use - it is efficient - it is inexpensive. Tests can be completed within a few days.

The HANDY SEED TESTERS consist of small 5x5 plastic boxes equipped with blotters and absorbent pads, Kimpak. Add water, place seed on pads, close the box, keep in room temperature, and watch the seed grow. Complete directions enclosed with each set. Three sizes to choose from.

Items	Contents of each Kit		
	Junior	Regular	Senior
Plastic Germination Boxes	2	2	4
Absorbent Germination Pads	6	10	20
Germination Blotters	10	15	30
Plastic Seed Sample Boxes	0	4	6
Plastic Wrapper	1	1	1
Instructions	1	1	2
Retail price per set	\$2.00	\$3.00	\$5.00
Number of sets per case	24	18	8
Your cost per case Postpaid	\$31.95	\$35.85	\$26.75
